Brushed Stainless handle

ALSO AVAILABLE IN

CDD420P3TD1
Matte Black with
Brushed Stainless
handle

CDD420P4TW2
Matte White with
Brushed Bronze
handle

FEATURES & BENEFITS

Double drawer – Experience the convenience of two drawers that you can use independently to wash everything from heirloom place settings to casserole dishes with separate cycles.

Create a look that matches your personal style – With this customizable dishwasher, you can combine any of the premium finishes and hardware options for a stylish appearance that's truly unique.

Small load setting – Wash every load with a clean conscience thanks to an energy efficienct dishwasher with two special settings for conserving resources. Guilt-free Small Load is ideal for partial loads, while Eco-Cycle was designed to consume less energy and water.

Knock to pause – Pause the dishwasher mid-cycle with a simple knock, then press Start/Play to resume.

Easy to load & unload – Keep bending to a minimum while you load and unload the conveniently placed, ergonomically designed upper drawer.

Accommodates large dish loads – With two removable silverware baskets and enough capacity for 14 place settings, you can wash every item in a single load, even after the largest meals.

6 wash cycles – Go beyond the normal wash and dry with six cycles, plus Fast Dry, Sanitize and Ultra Dry options.

Water Leak Sensor – This dishwasher features Water Leak Sensor, preventing potential overflows for greater peace of mind. A water sensor cancels the wash cycle before a flood can occur and alerts you with blinking lights and a tone.

Fits standard 24" cutout – The dishwasher dimensions allow for easy installation in a standard 24" wide cutout.

Delay start – A dishwasher delay function lets you set it to start while you're working, sleeping or out of the house.

Adjustable racks – Never worry about how to load the dishwasher again thanks to the loading flexibility that comes with racks that can be adjusted to accommodate any item.

46 dBA single drawer & 49 dBA double drawer – This quiet dishwasher keeps your kitchen peaceful whether you're using one or both of the drawers.
