Key Features & Benefits

Fingerprint Free Stainless Steel
Keep your kitchen looking beautiful with easy-to-clean Fingerprint-Free Stainless Steel—say goodbye to fingerprints and smudges!

LED Floor Light Indicator
The LED Floor Light Indicator projects a subtle red beam onto the floor during the wash cycle, letting you know your dishwasher is running. Once the cycle is complete and your dishes are ready, the light turns off—simple and efficient.

Condensation Drying System
Our Condensation Drying System has an innovative process that delivers spotless, energy-efficient drying without relying on high temperatures or excessive energy use—ensuring perfectly dry dishes every time.

Full Stainless Steel Tub
The Full Stainless Steel Tub is designed for superior durability, resisting hard-water stains, spots, and corrosion while absorbing noise more effectively than plastic tubs. It can withstand the highest washing temperature on the market—75°C—ensuring your dishes are thoroughly sanitized.
