30" 5.7 cu.ft. Full Depth Slide-In Gas Range, Convection

BGR30522SS/ BGR30522CSS

Key Features & Benefits

Continuous Cast Iron Grates
The continuous cast iron grates are designed perfectly to move and slide heavy pots and cookware around the cooking surface.

Self Cleaning Oven
When you want to keep your oven looking as clean as the day you bought it, use the self-cleaning function that uses high temperatures to remove food residue and grime from your oven.

Auto Re-Ignition
The automatic re-ignition will automatically re-ignite an extinguished burner in case it is blown out accidentally by a draft, spill or boil-over. This will prevent build-up of gas above the cooktop and lowers the risk of gas leaks.

One Piece Design
With the seamless, one-piece stainless steel design makes clean-up simple when there is a spill.
