

Whirlpool® COMMERCIAL LAUNDRY

Commercial Top-Load Washer

With 100 years of experience in the industry and features that streamline service, Whirlpool® Commercial Laundry machines provide performance with the quality you expect.

Featuring Factory-Installed Coin Drop and Coin Box

Commercial-Grade Features:

Choose a commercial-built product that withstands heavy traffic, regular use and performs continuously.

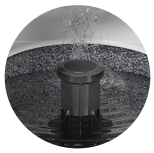

Commercial-Grade Construction

Built from thick-gauge, high-quality steel with an immensely powerful ½-HP motor to handle constant use and effectively deliver consistent, quality cleaning performance for any load—from the everyday to the extra-large.

Revenue Generating Options

Coin-drop machines let you set cycle prices to keep up with inflation, instead of being limited by the $2 price maximum of coin-slide machines. You can also generate additional revenue with extra rinse and heavy soil cycle add-ons.

Deep Water Wash System

A traditional top-load wash experience with deep-water wash and rinse cycle options for vigorous cleaning action. The traditional flex-vane agitator provides four distinct wash profiles—from aggressive to gentle—designed to pull clothes from the top to the bottom of the wash basket.

Easy to Service

The metal console wraps completely around the back of the machine, making it easy to clean, and offering optimal protection against unexpected liquid spills or vapor. Front-panel accessibility provides fast entry to the motor, transmission and wash tub for streamlined self-service.

CAE2779JQ — 27" Commercial Washer

- 3.3 cu. ft. Capacity
- 700-RPM Spin Speed
- Display with Cycle Time
- Extra-Large Lid and Tub Opening
- 6' Inlet Hose and 6' Drain Hose Included
