Key Features & Benefits

ENERGY STAR®
Blomberg believes that conscious living should extend to clothing care. That's why we bring intelligent energy and water conservation to the laundry room. All our washers are ENERGY STAR® certified and feature automatic water adjustment for every load, ensuring efficiency and sustainability.

Ventless Dryer
OptiSense Technology offers precise control over water usage, energy efficiency, detergent levels, and wash time, ensuring the perfect wash every time while maximizing resource savings.

Quick Dry
The Quick Dry Cycle on Blomberg's dryers delivers fast, efficient drying for smaller loads, saving you time without compromising on performance. Perfect for when you need your clothes dry in a hurry.

Large Capacity
Blomberg's Large Capacity Dryers allow you to dry more in each load, reducing the number of cycles needed and saving you time and energy while ensuring optimal drying performance.
