Installation Diagram

Enclosure dimensions

NOTE

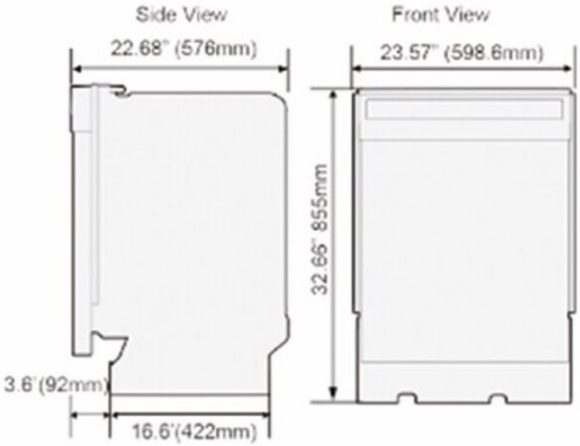

This dishwasher is designed to be enclosed on the top and on both sides by a standard residential kitchen cabinet unit. The installation enclosure must be clean and free of any obstructions.

The enclosure must be at least 23.8 inches wide 22.8 inches deep and 34 inches high. For the front door of the dishwasher to be flush with the leading edge of the counter top, the counter top must be at least 23 inches deep.

* Make sure water line, wires and drain hose are within the shaded area.

Product dimensions

NOTE

Water supply line, power cable and drain hose will run through the bottom channels from the back to the front connections.

For planning purposes only. We reserve the right to change specifications or discontinue models without notice.
