25 cu. ft. 3-Door French Door Refrigerator with Beverage Center™ & AutoFill Water Pitcher

Signature Features

Beverage Center™ & AutoFill Water Pitcher

Convenient access to refreshingly cool, filtered water is always in reach. The Beverage Center™ includes a dispenser and AutoFill Water Pitcher so you can press or pour—with the option to infuse with a flavor.

Dual Auto Ice Maker

Choose from cubed ice or Ice Bites™ that chill your drink faster.

Large Capacity with SpaceMax™ Technology

Store more with a spacious 25 cu. ft. interior*. Features SpaceMax™ technology that gives you extra storage space inside without compromising energy efficiency. Keeps more food fresher longer.

*Based on internal testing, compared to the RF20A model.

Internal Water Filter

It is integrated into the inside refrigerator wall and plumbed into the water supply. So it is easy to get a refreshing cold drink, with nothing showing on the outside.

Installation Specifications

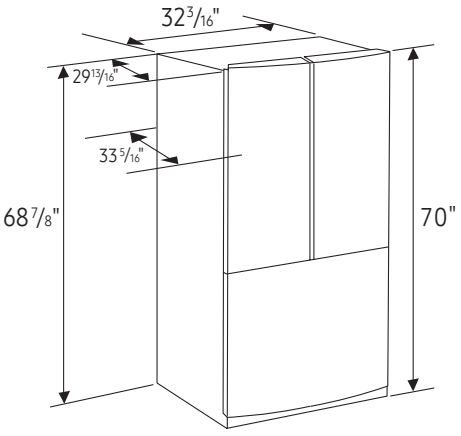

1. Measure the height, width and depth of the opening, making sure to include baseboards, molding tile, countertop overhang, etc. Check to be sure there is enough room to open the door (consider walls, islands or other obstacles when measuring).
2. Refer to illustration below to determine dimensions.
3. Allow 1½" of clearance on hinge side of refrigerator when installing next to a wall where door may make contact.
4. Allow 2" minimum clearance at rear for proper air circulation and water/electrical connections. Allow a ⅜" minimum clearance at sides and top for ease of installation.
5. Ensure each door and entryway in the home is wide enough for the refrigerator to be moved through easily.

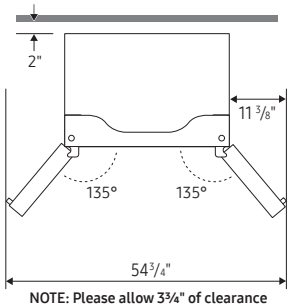

For optimal usage and ability to open refrigerator doors completely, do not install next to a wall.

Please note: The following dimensions and cutout information is for planning purposes only. For complete installation details, consult manual packed with product or download manual online at samsung.com.
