- Premium Glide-Rack and Built-in Temperature Probe Allows for Enhanced Cooking Experience
- Exceptional 2-Year Limited Warranty for Extra Peace of Mind

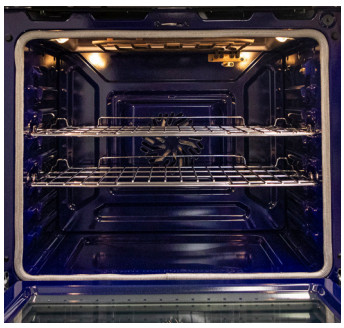

SHARP SLIDE-IN ELECTRIC RANGE

The Sharp® SSR3065JS Slide-In Electric Range is built for your dream kitchen. The sleek, modern edge-to-edge black glass with stainless steel finish complements your style. And you can keep your countertops clear of single-serving appliances because the SSR3065JS is also a family-size air fryer!

The SSR3065JS smooth cooktop has five radiant cooking zones with 8000W of combined power. The double-heater burner accommodates 6-inch or 9-inch cookware, and the 3000W of the 12-inch burner is perfect for boiling a big pot of water. The SCHOTT CERAN® ceramic glass provides efficient thermal control as well as long-term durability. The convenient warming zone keeps food warm until you are ready to serve. The 6.3 cu. ft. oven features powerful 8200W bake and broil elements with a convection system to cook evenly and heat efficiently. The built-in temperature probe takes the guesswork out of cooking by monitoring your masterpiece and can tell your oven to turn off when your food reaches the set internal temperature. Thoughtful presets include Air Fry, Pizza, Convection Bake, Convection Roast, Bake, and Broil. Self Clean and Steam Clean modes help keep your oven clean without the need for harsh chemicals.

The SSR3065JS turns itself off after 12 hours for added peace of mind. The cooktop controls can be locked to prevent accidental operation, and the Hot Surface Indicator lets you know at a glance if the cooking surface is hot. In Addition, the Sharp SSR3065JS oven also provides an exceptional 2 year limited warranty for your extra peace of mind.

8,200W heating elements and convection fan complement the large 6.3 cu. ft. cavity

5 durable, die-cast knobs with illuminated rings make it easy to see when a burner is turned on.

Premium Glide-Rack allows for removing even the heaviest cookware

Air Fry mode makes food moist on the inside and crispy golden-brown on the outside
