SAMSUNG

Bespoke Counter Depth 4-Door Flex™ Refrigerator
23 cu. ft. with AI Family Hub+™ and AI Vision Inside™

Signature Features

AI Family Hub+™
Family Hub+™ with the industry's largest screen* lets you share pictures, stream music and videos, access recipes, and more, all from the fridge.

*Compared to current Family Hub™ models

Color Customization
Customize the design of your refrigerator with changeable door panels. Choose from a variety of colors and two finishes to create a space that fits your style.

AI Vision Inside
AI Vision Inside automatically recognizes what's in your fridge, so you always know what's inside. Access a list of what's in your fridge through the SmartThings app or Family Hub+™ screen

Beverage Center™
Enjoy quick access to refreshingly cool, filtered water in two ways. Choose from an internal dispenser or a built-in AutoFill Water Pitcher that automatically refills, with the option to infuse with a flavor.

Installation Specifications

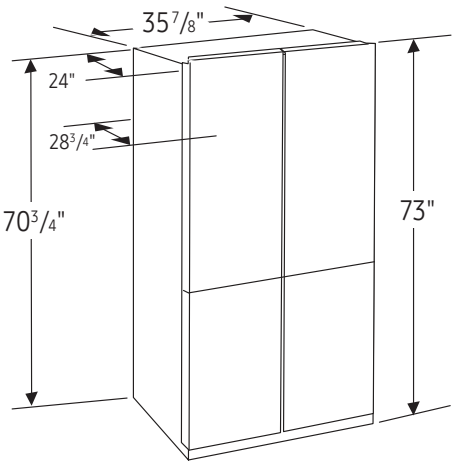

1. Measure the height, width and depth of the opening, making sure to include baseboards, molding tile, countertop overhang, etc. Check to be sure there is enough room to open the door (consider walls, islands or other obstacles when measuring).
2. Refer to illustrations below to determine dimensions.
3. Allow 2.5" of clearance on hinge side of refrigerator when installing next to a wall.
4. Allow 2" minimum clearance at rear for proper air circulation and water/electrical connections. Allow a 3/8" minimum clearance at sides and top for ease of installation.
5. Ensure each door and entryway in the home is wide enough for the refrigerator to be moved through easily.

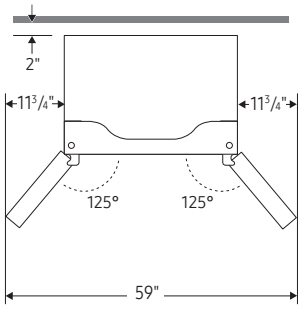

For optimal usage and ability to open refrigerator doors completely, do not install next to a wall.

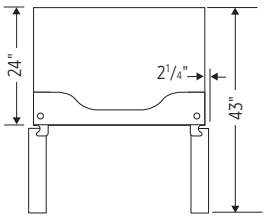

Please note: The following dimensions and cutout information is for planning purposes only. For complete installation details, consult manual packed with product or download manual online at samsung.com.
