Café Minimal Series 30" Smart Built-In Convection Single Wall Oven in Platinum Glass

CTS90DM2NS5

This model requires a one-time WiFi connection to download oven features and functionality enabled by software. Follow instructions on your LCD screen on how to connect.

FEATURES & BENEFITS

Built-In WiFi, Powered by SmartHQ™ App* - Manage all aspects of your kitchen with the help of the SmartHQ™App or your voice assistant.

Personalized Features + Upgrades* - Usher in the latest features by downloading cooking upgrades right to your oven, putting Air Fry and more in your repertoire.

Create an easy-to-clean, contemporary look for your kitchen with the striking reflective glass finish.

Simply **use your voice*** to open the wall oven, so you can keep both hands on heavy dishes.

Monitor your food from your smart device thanks to a heat-resistant **in-oven camera***, which syncs to the SmartHQ™ app.

Simplify the cooking process with **precision cooking modes** that automatically track progress, and make time and temperature adjustments.

Integrated **hot air frying** technology gives you crispy results in your oven without using oil.

Make homemade chips, spices and dehydrated fruits more easily than ever with a **moisture-removing setting** in your oven.

Eliminate the need for preheating and save time with a variety of **precision cooking modes**.

This oven features **True European Convection**, an advanced convection system that uses a third heating element and reversing fan for the highest level of heat and air circulation.

A precision **temperature probe** connects to the oven to ensure your food is properly cooked.

This oven will fit your existing cut-out, or GE Appliances will help pay for modifications up to $300.

*Some features require continuous WiFi connection to use.

DIMENSIONS AND INSTALLATION INFORMATION

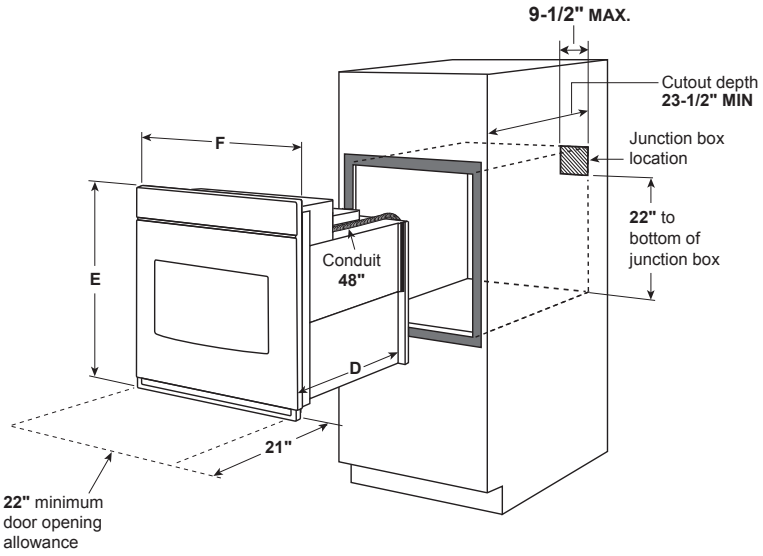

Single wall ovens are NOT approved for stacking above or below another single wall oven or undercounter installation.

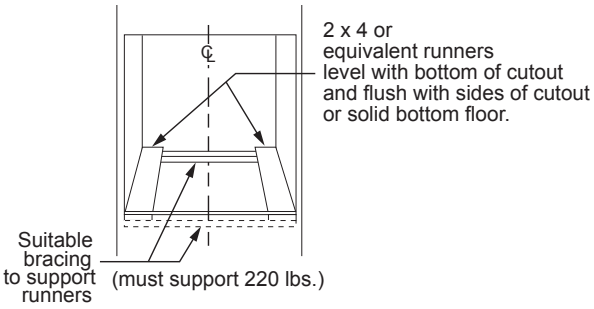

Wall coverings, countertops and cabinets surrounding the wall oven must be able to withstand a temperature of up to 200°F (94°C).

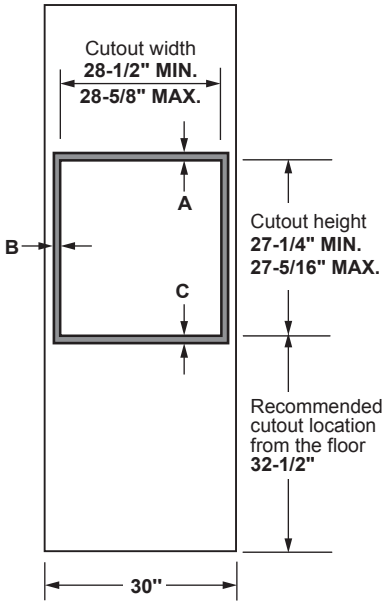

If the cabinet in which the wall oven is installed does not have a solid bottom, two braces or runners must be installed to support the weight of the oven. The runners and braces must support up to 220 lbs (99 kg).

ATTENTION INSTALLER: Electric wall ovens are NOT approved for installation with a plug and receptacle. They must be hard wired into an approved junction box

IMPORTANT: Before installing, consult installation instructions packed with product for current dimensional data.

Cabinet	30"
A - Overlap of oven at top of cutout	1-1/4"
B - Overlap of oven other side of edge of cutout	3/4"
C - Overlap of oven at bottom of cutout	1-1/4"
Oven	
D - Install depth	24-3/4"
E - Overall height with trim	28-5/8"
F - Overall width	29-3/4"
