Key Features & Benefits

Deep-Water Wash System
The wash system is optimized with deep-water wash and rinse cycles and vigorous cleaning action.

Traditional Flex-Vane Agitator
The flex-vane agitator uses four unique patterns to deliver traditional top-load wash performance through exceptional rollover, for even very large loads.

1/2-HP Motor
The 1/2-HP motor alternates between short and long strokes to deliver quality cleaning performance for loads of all sizes.

NOTE: Dimensions are for planning purposes only. For complete details, see Installation Instructions packed with product. Specifications subject to change without notice.
