GRF400SV

GE® ENERGY STAR® 400 Series 30" Free-Standing Electric Range

Dimensions and Installation Information

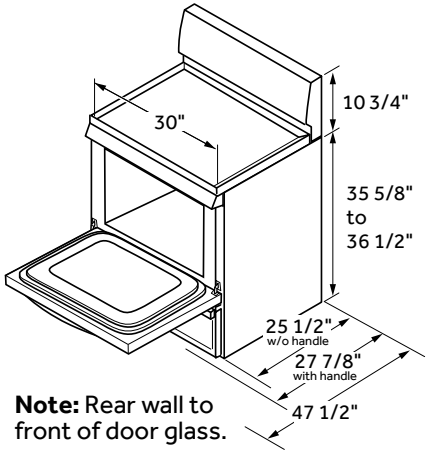

Receptacle Locations: Locally approved flexible service cord or conduit must be used because terminals are not accessible after range installation. See shaded area in drawing for location of electrical outlet box. Recommended outlet locations allow range to be installed directly against wall.

Note: This appliance has been approved for 0" spacing to adjacent surfaces above the cooktop. However, a 6" minimum spacing to surfaces less than 15" above the cooktop and adjacent cabinet is recommended to reduce exposure to steam, grease splatter and heat.

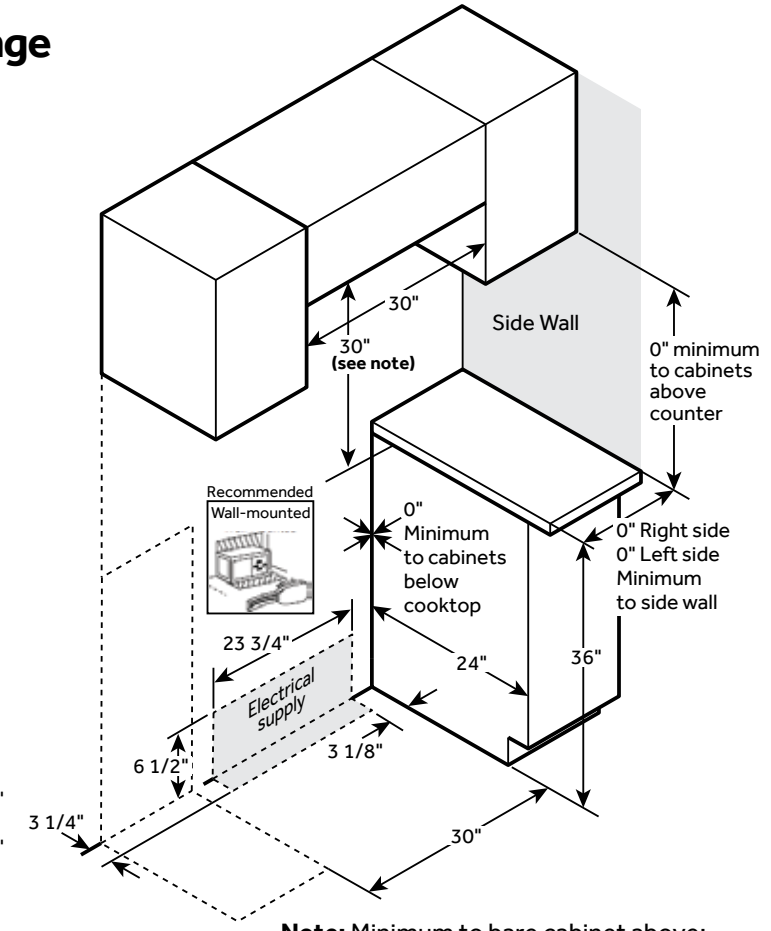

Installation Information: Before installing, consult installation instructions for current dimensional data and additional requirements.

KW RATING	
240V	11.0
208V	8.3
BREAKER SIZE	
40 Amps†	

†**Note:** Check local codes for required breaker size.

Note: Rear wall to front of door glass.

Note: Minimum to bare cabinet above; see Installation Instructions for alternate installation configurations.
