SHARP | Simply Better Living

24 in. Stainless Steel Hybrid 52dB Dishwasher

SDW6504MS

52 dBA

24" WIDTH

Advanced Hybrid Tub Consists of Stainless Steel Interior with Heavy Duty Plastic Floor

Front Control Panel Back-lit when in Use

More Dependable Than Condensation Drying, Our Heated Dry Option is Fast and Efficient

"Half Load" Option for Smaller Loads

Fold-down tines for flexible loading options

Child Lock Option to Help Prevent Accidental Operation

A SIMPLY BETTER DISH WASHING EXPERIENCE

The Sharp® SDW6504MS balances thoughtful features and options to improve your dishwashing experience. With five washing cycles, and four options the SDW6504MS is ready to clean up after big celebrations and cozy staycations!

The hybrid tub, consisting of stainless steel and a heavy-duty plastic floor, is a secure, durable design. The bottom spray arm of the SDW6504MS is made of stainless-steel for dependable performance.

The responsive washing cycles work with smart sensors to automatically optimize performance. Our SDW6504MS has convenient and time-saving features, including the Half Load and Express Wash functions. The Half Load function gives you the freedom to run the dishwasher using less water and energy, and the Express Wash function reduces cycle time for lightly soiled and well-rinsed dish loads. More dependable than condensation drying, the heated dry option is effective on plastics and minimizes the need for hand-drying.

Classic and elegant, the SDW6504MS offers thoughtful touches inside and out. The adjustable upper rack holds larger dishes and taller glasses. The fold-down tines in the lower rack make it easier to load extra large or hard-to-fit items such as serving bowls and roasters. The SDW6504MS Stainless Steel Hybrid Dishwasher from Sharp is Simply Better Living!

Conveniently Located in Front and Back-lit When in Use.

Durability Where it Matters Most. The Stainless Steel Spray Arm is Sturdy and Dependable.

The Advanced Hybrid Tub Consists of Stainless Steel Interior with Heavy Duty Plastic Floor.

Heated Dry Option with a Dedicated Heating Element is Effective on Plastics and Minimizes the Need for Hand-Drying.
