Reversible Grill and Griddle – This extra-large, reversible griddle and grill combination lets you enjoy the best in cooking versatility.

True Convection with Precise Air – This oven features True Convection, an advanced convection system that uses a third heating element and reversing fan for the highest level of heat and air circulation.

Center Oval Burner – This center oval burner gives you a fifth burner and the perfect place to use griddles or odd-size cookware.

Self-Clean with Steam Clean – This self-cleaning oven uses optional steam cleaning for light soils to clean the oven cavity with less heat and odor.

Heavy Duty, Dishwasher-Safe Grates – These cooktop grates can be cleaned one of two ways – either in the dishwasher, or on the bottom of a self-clean oven.

Tri-Ring Burner – A versatile burner offers three different-sized flame rings on a single burner element, so it's like having three burners in one.

Heavy Duty, Never-Scrub Rack – This removable oven rack can be left in the oven during the self-clean cycle so you never have to scrub.

Built-in WiFi – This smart oven features built-in WiFi so you can control oven functions with the SmartHQ app on your smart device.
