4 Individual Cooking Zone Timers, Plus an Additional Independent Timer

DESIGNED FOR YOUR DREAM KITCHEN

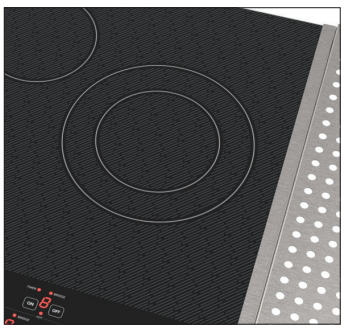

The Sharp® 24-inch SCR2442FB Electric Cooktop is a powerful, beautiful addition to your dream kitchen. The black mirror finish of the glass surface is a perfect match for modern appliances while precise temperature control with touch-glass controls for each of the four cooking zones provide convenience you can count on. The included magnetic stainless steel side accessories are dishwasher safe and a convenient place to rest spoons, ladles, and spatulas as well as pots and pans.

The SCR2442FB features a variable-sized zone with Double Heater capability to handle larger size pots and pans efficiently. Dual elements allow you to use multiple pan sizes, while the Bridge Heater synchronizes the two left cooking zones to accommodate larger cookware, such as griddles, grill pans, and custom cookware for your most elaborate entertaining. There's even a kitchen timer for each cooking zone. And without an open flame or radiant coil, spills and splatters are less likely to burn and a breeze to clean up. The Speed Boil function of the SCR2442FB is perfect for those times when you just need that pasta water to boil.

The Sharp 24-inch SCR2442FB Electric Cooktop includes practical safety features, including the control lock to prevent unwanted, or accidental use. The Hot Surface Light indicator lets you know at a glance if each of the cooking surfaces is on or still hot with residual heat. Powerful and efficient, fast and flexible, the beautiful Sharp SCR2442FB Electric Cooktop with Black Mirror Finish is certainly Simply Better Living.

Offers a bridge element for oblong pans and longer cookware.

Convenient double heater capability to handle larger size pots and pans.

Precise Low Power holds the temperature for extraordinarily consistent simmering.

Bright red LED controls make the touch glass clear and easy to read.
