KEY FEATURES

TurboWash® Technology

Soccer practice. Groceries. Dinner. Dishes. Shouldn't your laundry move as fast as you? Now it can, with LG's enhanced TurboWash® technology. Powerful high-pressure nozzles save up to 30 minutes per load* —without shortcutting cleaning performance, even on larger loads. Innovation that keeps up with your family calendar? That's not just laundry done fast—it's laundry at the speed of life.

5.2 cu.ft. MEGA Capacity

Towers of towels, piles of sweatshirts, and a mountain of jeans? Go for it. The ultra large capacity (5.2 cu.ft.) tub lets you do more laundry in fewer loads. That's time saved and sore backs avoided.

Integrated Electronic Control Panel with Dual LED Display

Electronic control panel is integrated into the door for a distinct style plus the intuitive functionality you expect from an LG washer.

*Compared to other LG top load washers without TurboWash. Based on AHAM-HLW-1-2010 test protocol. Cotton / Normal or comparable cycle at default settings, 8 lb. loads. Excludes quick wash or comparable cycles intended for small, lightly soiled loads only
