GE Profile™ 4.6 cu. ft. Capacity UltraFast Combo with PowerSteam Technology Washer/Dryer

FEATURES AND BENEFITS

2-in-1 Washer/Dryer – Wash & Dry a large load of laundry in about 2 hours without the hassle of transferring clothes from the washer to the dryer.*

PowerSteam Technology – Specialty cycle utilizes steam to safely penetrate deep into fabric fibers, loosening stains and odors delivering enhanced cleaning performance and helping to release wrinkles in garments.

Fast Airflow Drying System – Warm, high-speed air extracts moisture from garments to gently dry even large loads fast with less heat. Now you can wash and dry everything from a comforter to delicate items from start to finish virtually eliminating the need to hang dry-- it's the ultimate one-and-done laundry experience!

Easy Installation & Space-Saving Solutions – Reimagine your laundry space and location with the flexible installation requirements of a standard 120V and no need for a dryer exhaust vent. The Ventless Combo design takes up half the space so you can rethink your laundry room possibilities.

Greater Energy Savings** – 50% more energy efficient drying** with Ventless Heat Pump.

The One and Done Laundry Experience – The UltraFast Combo is designed to enhance the way you experience laundry by optimizing washing + drying all in one machine. Plus, the smarter drying technology combines fast air flow at lower temperatures to ensure maximum care for all your laundry.

Microban® Antimicrobial Technology – Provides antimicrobial protection on the gasket, dispenser, and draining system to help prevent odors and ensuring your Combo stays fresh and clean load after load.

Smart Features Powered by SmartHQ™ – When connected to the SmartHQ™ app, you can make sure your Combo always has the latest features! Plus, remotely control and monitor as well as receive status notifications.

Large Wash Capacity – 4.6 cu.ft. capacity lets you clean large sized loads, even clean a king-size comforter. Large wash capacity allows families of all sizes to cut laundry routine in half.

Limited Warranty – Rest assured knowing your unit is backed by a 10-year limited warranty on the motor and a 5-year limited warranty on the sealed drying system.

EZ Access Lint Filter System – An exclusive, easy-to-reach lint filter system allows you to remove lint and micro particles, ensuring your Combo operates at the highest levels of efficiency.

Sanitize with Oxi – Remove 99% of bacteria with a dedicated cycle that uses an Oxi additive to boost your detergent's cleaning power, while keeping fabrics looking and feeling their best.

My Setting – Store preferred wash and dry cycle settings for later use, maximize time and alleviate adjusting cycle preferences with every load. Cycle preferences are stored, selected and deselected with a touch of a button; a heart symbol appears to indicate the setting has been stored and in-use.

Wrinkle Care – Prevents wrinkles by extending the tumble without heat.

Specialty Cycles – Includes STEAM Normal, STEAM Whites, STEAM Towels, DeWrinkle, Air Fluff, EcoCool, Jeans, Power Clean, Self Clean, Swim Wear.

ADA Compliant – Easily reach the controls and operating mechanisms of this unit thanks to an accessible, front loading, ADA-compliant washer and dryer combo design.

Shallow Depth – Never compromise with this 32" shallow depth washer that easily fits into tight spaces like an alcove or closet, making it a suitable solution for homes of any size.

*Based on completing the Normal Wash + Dry cycle with Eco Dry on using a 10-lb. DOE or Mixed Load in about 2 hours. See Use & Care Manual for details.

**Efficiency rating as compared to the requirements for ENERGY STAR qualification for standard electric dryers.
