FEATURES & BENEFITS

Great for hosting get-togethers, a **Quick Ice setting** that functions 50% faster than the normal setting makes quality ice

Open the door frequently without worrying, thanks to a **Turbo Cool setting** that drops the interior temperature to maintain a set degree

Enjoy water and ice from the refrigerator with total peace of mind, thanks to an **advanced water filtration system** that uses MWF replacement filters to remove 98% of pharmaceuticals*

*Removes 98% of ibuprofen, atenolol, fluoxetine, progesterone and trimethoprim. These pharmaceuticals are not necessarily in all users' water

Spills happen, but cleanup is stress-free thanks to **adjustable slide-out, spillproof glass shelves** that easily shift and lock, and have raised edges to contain mess

You'll know every item is in the ideal place with **Clear Look door bins** that you can modify as you like and see through to take stock of their contents

Keep any delicacy wonderfully preserved in **humidity-controlled drawers** that allow you to set your preferred temperature and level of moisture

From frozen meals to sorbet, keep a variety of items ice cold in **glass freezer shelves** that provide secure storage and look stunning
