Matte Black with Brushed Stainless handles

CZE24RP4YW2
Matte White with Brushed Bronze handles

FEATURES & BENEFITS

Get a built-in look in the kitchen with a **Counter-Depth** refrigerator that fits almost flush with the rest of the cabinets and counters.

Your water dispenser is a pitcher-perfect height with **Hands-Free AutoFill** that does all the water dispensing for you, leaving your hands free for everything else.

Entertain your way with two icemakers. The second icemaker with **CustomSize Ice** allows you to choose your ideal cube for any occasion with 8 customizable size settings that range from faster chilling to slower melting; Choose your favorite ice size at any time via the SmartHQ™ app.

Unmatched Visibility Meets Undeniable Style with the bright, uniform glow of the **LED Light Walls** that span the back walls of the refrigerator, designed for enhanced visibility of the fridge and freezer so every item is easy to find.

A Humidity Control System provides a climate zone that will **Keep your Leafy Greens Twice as Long*** compared to a standard vegetable drawer.

Organize your way with **Adjustable Glass Shelves** that allow you to customize your storage for tall bottles, 13x18 baking sheets, and three-tier cakes.

Say hello to door storage that works for you with **Adjustable Door Bins** that easily accommodate gallons, tall bottles, and everyday essentials.

This sophisticated refrigerator with **Built-In WiFi** allows users to expand on its convenient features and receive alerts when connected to the SmartHQ™ app.

Enjoy filtered drinking water and ice from the refrigerator thanks to an **Advanced Water Filtration System** that reduces 50+ impurities including lead, chlorine, microplastics, and PFOA/PFOS; providing clean, safe drinking water and ice.

*Based on internal testing versus similar-size vegetable drawers with humidity controls from a leading competitor.

FEATURES
