ZLINE 36" Fingerprint Resistant Stainless Steel Convertible Vent Under Cabinet Range Hood (8685S-36)

INTRODUCTION

Luxury isn't meant to be desired - it's meant to be attainable. Designed in Lake Tahoe, USA, the ZLINE 36" DuraSnow Fingerprint Resistant Stainless Steel Convertible Vent Under Cabinet Range Hood (8685S-36) provides a professional culinary experience by pairing built to last quality with a timeless style. Achieve ZLINE Attainable Luxury® excellence with unrivaled performance designed to enhance your kitchen's capability.

FEATURES & BENEFITS

Easy-to-use push button controls let you easily control fan speed and lighting

4-Speed fan control (280/420/560/700 CFM) to choose the appropriate air flow for your cooking situation

700 CFM air flow (highest speed setting) efficiently exhausts large amounts of air away from your cooking area

LED lighting illuminates the cooktop beneath the hood

Designed to fit standard (circular) ductwork for simple installation

Please note the position of a grill lid can block the range hood filters and decrease range hood performance. We recommend moving the range hood to accommodate your grill lid or ensure range hood depth will surpass the size of the grill and mounted 38-42 inches above the grill.
