JKD3000DN/SN

GE® 27" Built-In Double Electric Wall Oven

DIMENSIONS AND INSTALLATION INFORMATION

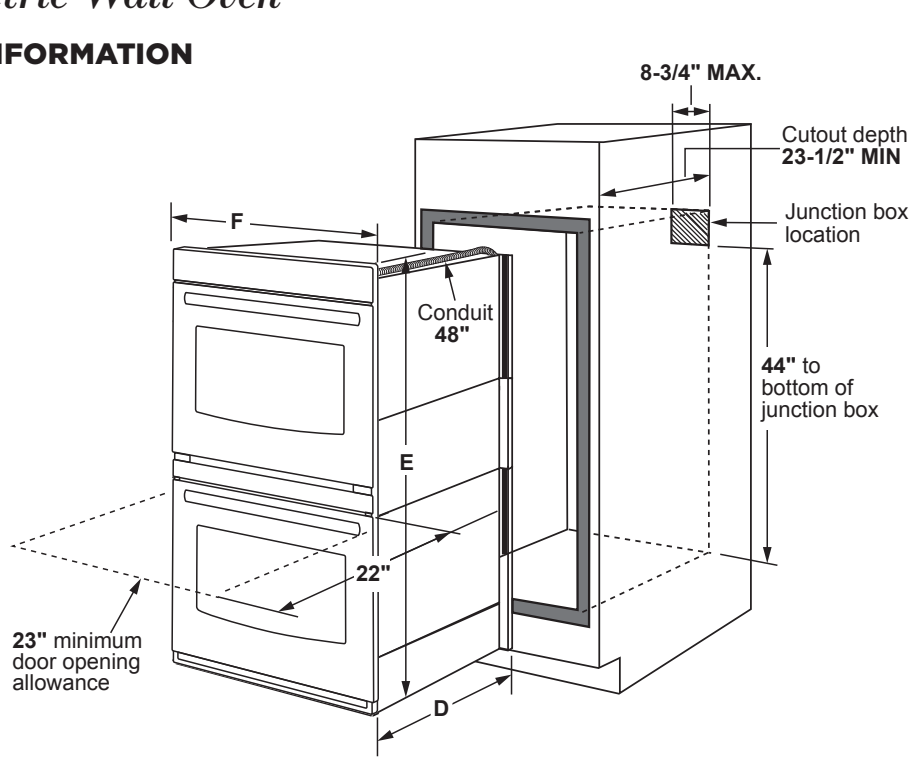

NOTE: Wall coverings, countertops and cabinets surrounding the wall oven must be able to withstand a temperature of up to 200°F (94°C).

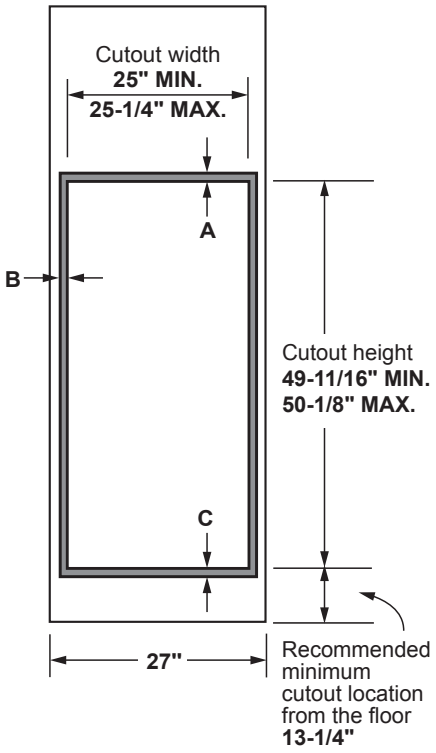

NOTE: If the cabinet in which the wall oven is installed does not have a solid bottom, two braces or runners must be installed to support the weight of the oven. The runners and braces must support up to 400 lbs (181 kg).

NOTE: Door handle protrudes 3" from door face. Cabinets and drawers on adjacent 45° and 90° walls should be placed to avoid interference with the handle.

ATTENTION INSTALLER: Electric wall ovens are NOT approved for installation with a plug and receptacle. They must be hard wired into an approved junction box.

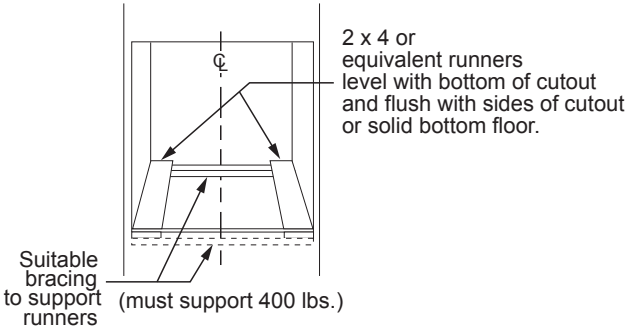

IMPORTANT: Before installing, consult installation instructions packed with product for current dimensional data.

Dimension and installation information are shown in inches.
