PDD415PYYFS

GE Profile™ Double Dishwasher Drawer

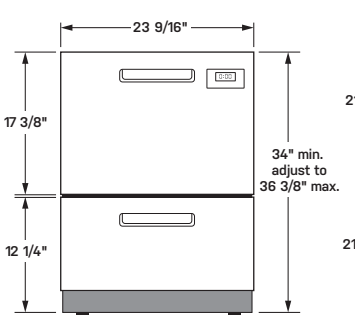

DIMENSIONS AND INSTALLATION INFORMATION (IN INCHES)

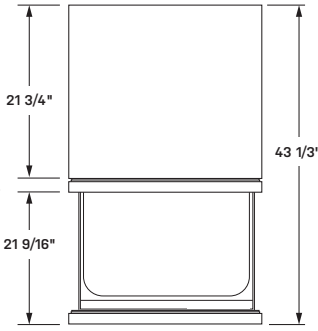

ELECTRICAL RATING

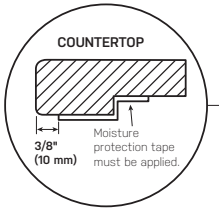

Voltage AC 120
Hertz 60
Total connected load amperage. 9.4
Hidden heater watts max . . . . . 570 per drawer

For use on adequately wired 120-volt. 9.4-amp circuit having 2-wire service with a separate ground wire. This appliance must be grounded for safe operation.

INSTALLATION INFORMATION: Before installing, consult installation instructions packed with product for current dimensional data. Installed in a standard 24" dishwasher cutout.

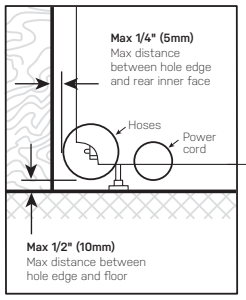

These marks indicate formed bracket screw locations, if securing by drawer removal.

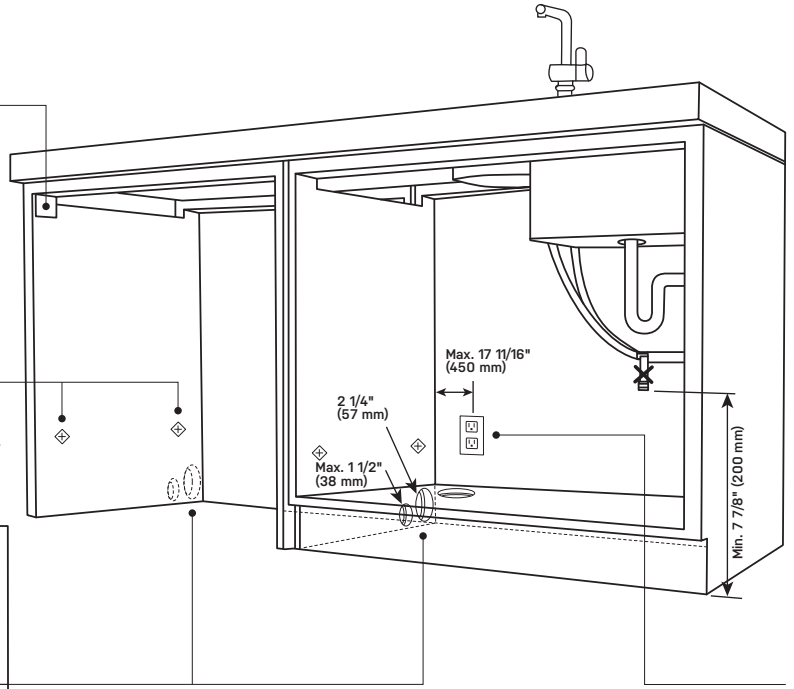

If there is no side partition, you can construct timber bracing as something to secure to.

WARNING!
Incorrect placement of the hole will result in damage to hoses.

Service Holes
Can be located either side of dishwasher, close to the rear face and the floor, as illustrated, for access to the water supply, drain and power outlet. The small hole is for the power cord only.

- If the hole is through wood, make sure its edges are smooth and rounded.
- If the hole is through metal, ensure you fit the supplied Edge Protector to prevent damage to the power cord.

Water Connection
Recommended HOT (Maximum 140°F/60°C).

Supplied hose to suit 3/8" (9 mm) male compression fitting.

Kosher requirements
Drains will need to be separated to satisfy kosher requirements. We suggest you confirm acceptability with your local rabbi in respect to kosher installations.

IMPORTANT!
The power outlet must be located in a cabinet adjacent to the dishwasher cavity.
110-120 VAC max. 15 A

ENERGY STAR

GE Profile™ Double Dishwasher Drawer

FEATURES AND BENEFITS

TWO DISHWASHERS IN ONE – Two drawers that run separately or together give you more control to clean the way you want—whether it's a quick rinse or a full party's worth of dishes.

FITS A STANDARD 24" DISHWASHER CABINET – This Double Drawer Dishwasher is designed to be installed flush with your cabinets and fits into a standard 24" dishwasher cutout ensuring it blends seamlessly into your kitchen.

CONVENIENTLY WASH SMALL LOADS FOR EVERYDAY USE – Wash in just one drawer to save time, water and energy so you always have clean dishes available when you need them. Plus, you can continue loading dirty dishes in the other drawer, ensuring you always have a clutter-free kitchen.

ERGONOMIC DESIGN – This dishwasher drawer design makes daily loading and unloading of your dishes effortless with waist-level access and less bending.

COMBINED CAPACITY FOR UP TO 14 PLACE SETTINGS – Each drawer has space for up to 7 place settings without compromising on capacity or loading flexibility.

PLENTY OF SPACE FOR LARGE PLATES UP TO 13" – Easily fit everything you need to wash with a top drawer that fits 13" items and a bottom drawer that fits 11" items—perfect for large plates and tall cookware.

VARIETY OF WASH & DRY OPTIONS – Ultimate control to wash what you need with six Wash Cycles, plus Sanitize and Extra Dry options so you can wash everything from delicate glassware to messy pots & pans.

FLEXIBILE SHELVING WITH STEMSAFE™ – Flexibility to wash a variety of drinkware with four adjustable shelves per drawer so you can safely wash wine glasses, mugs, tall tumblers or glasses.

ADJUSTABLE RACKS FOR VERSATILE LOADING – Easily adjust the rack spacing to fit deep bowls or plates and fold down tines to fit bulky pots or serveware.

MICROBAN® ANTIMICROBIAL PROTECTION – Enjoy longer lasting dishwasher protection thanks to Microban® Antimicrobial Technology built into the handles and filters to prevent bacteria growth and keeps surfaces 99% cleaner than unprotected surfaces.

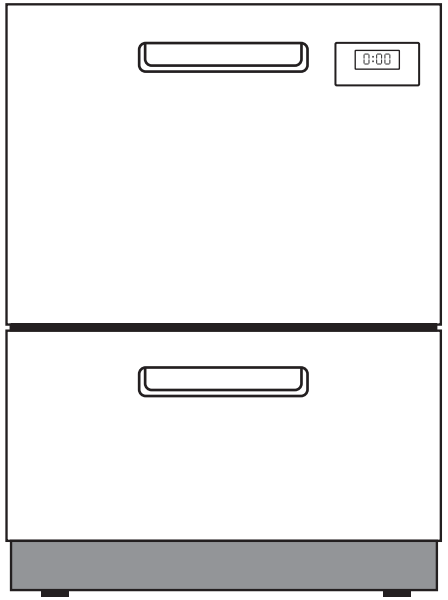

SMART FEATURES POWERED BY SMARTHQ™ – Built-In WiFi and the SmartHQ™ make it easy to connect, control and monitor your smart dishwasher from anywhere. You can also conveniently access the latest features, including customized cycles, status notifications and more.

DELAY START ON YOUR SCHEDULE – Use SmartHQ™ to set your dishwasher to run at a time that works for you—whether that is while at work, sleeping or during off peak hours.

ACTIVE FLOOD PROTECTION WITH LEAK SENSORS – A sensor will detect if the water is too high and pumps it out until a safe level is reached, preventing potential leaks and providing greater peace of mind.

ENERGY STAR® CERTIFIED – Save energy and water without sacrificing performance—each drawer is Energy Star rated.

SUPER QUIET – Experience reliable wash performance and a deep clean without unwanted noise thanks to a super quiet 45 dBA operation.
