PTS9200SN

GE Profile™ 30" Smart Built-In Twin Flex Convection Wall Oven

DIMENSIONS AND INSTALLATION INFORMATION (IN INCHES)

MOST 30" WALL CABINETS CAN BE USED WITH THIS UNIT.

APPROVED INSTALLATIONS: Above Warming Drawer, Below Built-in Microwave or Advantium®, Side-by Side, and Under Counter

NOTE: These ovens are not approved for stacking one single wall oven over another single wall oven. Cabinets installed adjacent to wall ovens must have an adhesion spec of at least a 194°F temperature rating.

Door handle protrudes 3" from door face. Cabinets and drawers on adjacent 45° and 90° walls should be placed to avoid interference with the handle.

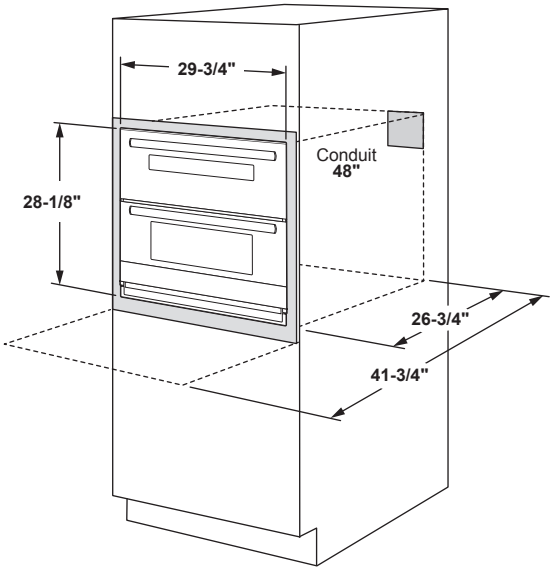

Side-by-side installations require two ovens in separate cutouts and at least 2" between cutouts.

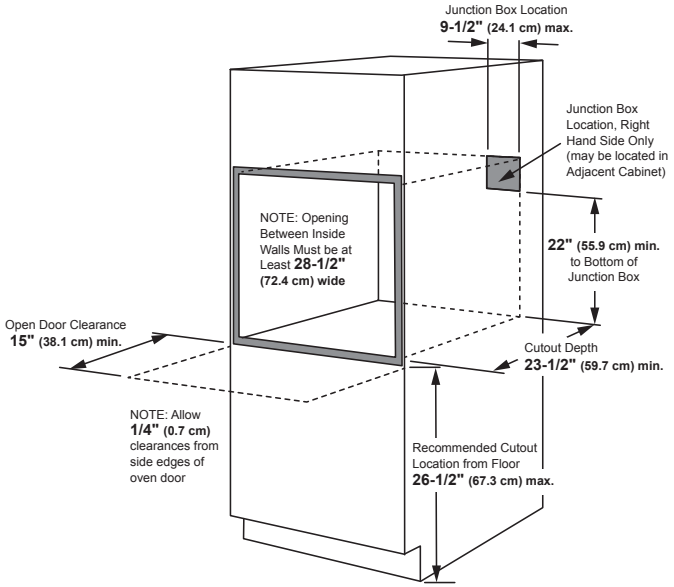

Approved cooktops for installation above this wall oven: CHP9536, PHP9036, CHP9530, PHP9030, JP3536, JP3036, JP3530, JP3030

IMPORTANT: Electric wall ovens are not approved for installation with a plug and receptacle. They must be hard wired in accordance with installation instructions.

IMPORTANT: Before installing, consult installation instructions packed with product for current dimensional data.

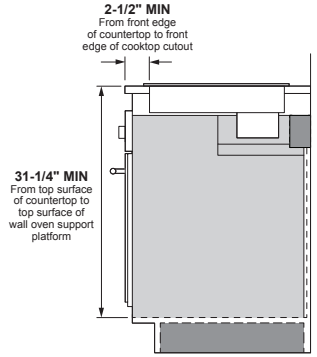

NOTE: If the cabinet in which the wall oven is installed does not have a solid bottom, two braces or runners must be installed to support the weight of the oven. The runners and braces must support up to 400 lbs (181 kg).

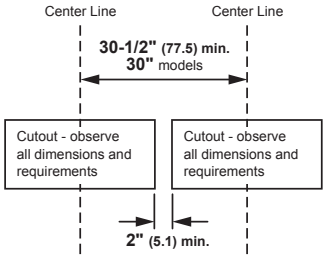

KW RATING	
240V	4.2
208V	3.2
BREAKER SIZE	
240V	20 Amps
208V	20 Amps

PTS9200SN

GE Profile™ 30" Smart Built-In Twin Flex Convection Wall Oven

FEATURES AND BENEFITS

Two-In-One Oven - Cook two things in the oven at once, at two different temperatures, so that your entire meal will be done on time.

Fast Preheat - Preheat the oven quickly and cut down on preheat time with a speedy preheat feature.

Built-in WiFi - This smart oven features built-in WiFi so you can control oven functions with the SmartHQ app on your smart device.

Large Capacity Oven - Cook an entire meal at once with a 5.0 cubic foot (2.2 upper, 2.8 lower) oven which provides enough room for multiple dishes.

True European Convection with Precise Air - This oven features True European Convection, an advanced convection system that uses a third heating element and reversing fan for the highest level of heat and air circulation (lower oven).

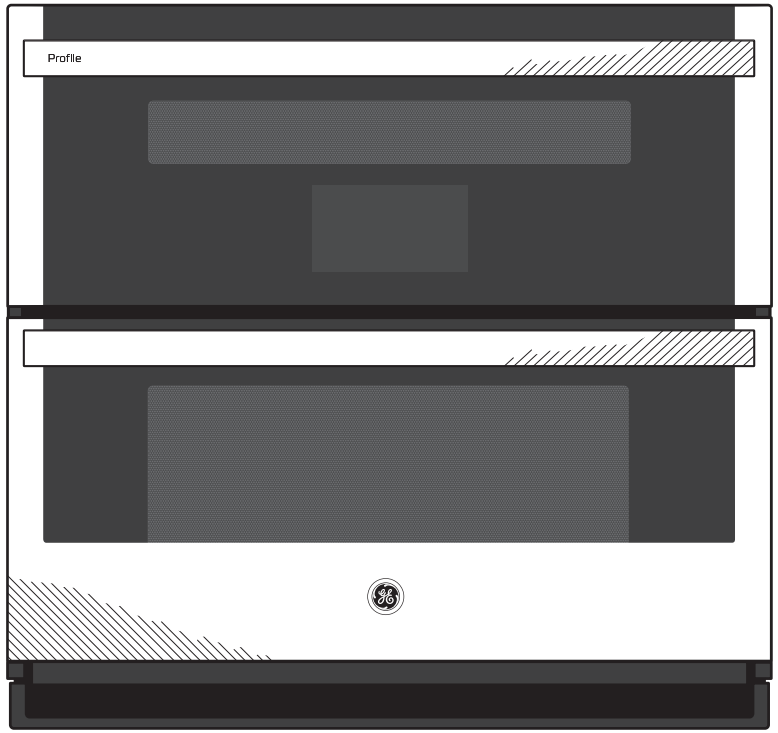

Fit Guarantee - This oven will fit your existing cut-out, or GE Appliances will help pay for modifications up to $300.

Full-Color Display - Easily navigate wall oven settings thanks to a 7" touchscreen display.

Easy-Glide, Never-Scrub Rack - This smooth-gliding oven rack can be left in the oven during the self-clean cycle so you never have to scrub.

Temperature Probe - A precision temperature probe connects to the oven to ensure your food is properly cooked

Model PTS9200SNSS – Stainless steel
