1. IMPORTANT SAFETY INFORMATION

1.1 Keep a record for quick reference

Model number

.....

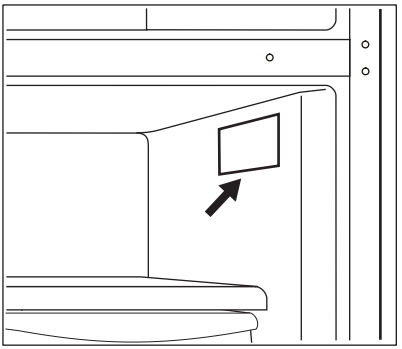

Serial number

.....

Purchase date

.....

1.2 Serial number location

⚠ WARNING!

You must follow these guidelines to ensure that your appliance's safety mechanisms are operating correctly.

1.3 Safety definitions

⚠
This is the safety alert symbol. It is used to alert of potential personal injury hazards. Obey all safety messages that follow this symbol to avoid possible injury or death.

⚠ DANGER

DANGER indicates an imminently hazardous situation which, if not avoided, will result in death or serious injury.

⚠ WARNING!

WARNING indicates a potentially hazardous situation which, if not avoided, could result in death or serious injury.

⚠ CAUTION!

CAUTION indicates a potentially hazardous situation which, if not avoided, may result in minor or moderate injury.

➲ IMPORTANT

IMPORTANT indicates installation, operation or maintenance information which is important but not hazard-related.

1.4 Child safety

This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
Destroy or recycle the carton, plastic bags, and any exterior wrapping material immediately after the appliance is unpacked. Children should never use these items to play. Cartons covered with rugs, bedspreads, plastic sheets or stretch wrap may become airtight chambers, and can quickly cause suffocation.

1.5 Important safety instructions

⚠ DANGER 

DANGER Risk of fire or explosion. Flammable refrigerant used. Do not use mechanical devices to defrost the appliance. Do not puncture refrigerant tubing.
DANGER Risk of fire or explosion. Flammable refrigerant used. To be repaired only by trained service personnel. Use only manufacturer-authorized service parts. Any repair equipment used must be designed for flammable refrigerants. Follow all manufacturer repair instructions. Do not puncture refrigerant tubing.

⚠ CAUTION! 

CAUTION Risk of fire or explosion due to puncture of refrigerant tubing. Follow handling instructions carefully. Flammable refrigerant used.

This appliance is forstorage only and should not be used for any other purpose.
Do not store or use gasoline or other flammable vapors and liquids in the vicinity of this or any other appliance.
Do not store explosive substances such as aerosol cans with a flammable propellant in this appliance.
Do not operate the appliance in the presence of explosive fumes

Avoid contact with any moving parts of automatic ice maker.
Remove all staples from the carton. Staples can cause severe cuts, and also destroy finishes if they come in contact with other appliances or furniture.

⚠ WARNING!

Do not use electrical appliances inside the food storage compartments of the appliance unless they are of the type recommended by the manufacturer.

⚠ WARNING!

CALIFORNIA RESIDENTS ONLY
WARNING! Cancer and Reproductive Harm http://www.P65Warnings.ca.gov

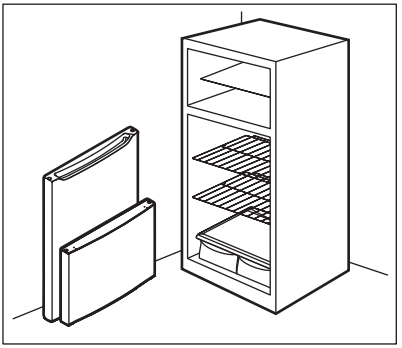

1.6 Proper disposal of your appliance

⚠ CAUTION!

CAUTION Risk of fire or explosion. Dispose of the appliance properly in accordance with the applicable federal or local regulations. Flammable refrigerant used.

Risk of child entrapment
Child entrapment and suffocation are not problems of the past. Junked or abandoned appliances are still dangerous – even if they will sit for “just a few days”. If you are getting rid of your old appliance, follow the instructions below to help prevent accidents.
We strongly encourage responsible appliance recycling/disposal methods. Check with your utility company or visit http://www.energystar.gov/recycle for more information on recycling your old appliance.
Before you throw away your old appliance:

- Remove doors.
- Leave shelves in place so children may not easily climb inside.
- Have it removed by a qualified service technician.

1.7 Electrical information

- The appliance must be plugged into its own dedicated 115 Volt, 60 Hz., 15 Amp, AC only electrical outlet. The power cord of the appliance is equipped with a three-prong grounding plug for your protection against electrical shock hazards. It must be plugged directly into a properly grounded three-prong receptacle. The receptacle must be installed in accordance with local codes and ordinances. Consult a qualified electrician. Do not use an extension cord or adapter plug.

⚠ WARNING!

Avoid fire hazard or electric shock.

- If the power cord is damaged, it should be replaced by an authorized service technician to prevent any risk.
- Never unplug the appliance by pulling on the power cord. Always grip the plug firmly, and pull straight out from the receptacle to prevent damaging the power cord.
- Unplug the appliance before cleaning and before replacing the light bulb to avoid electrical shock.
- Performance may be affected if the voltage varies by 10% or more. Operating the appliance with insufficient power can damage the

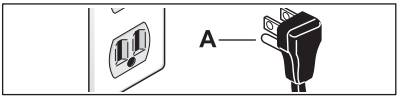

compressor. Such damage is not covered under your warranty.
- Do not plug the unit into an electrical outlet controlled by a wall switch or pull cord to prevent the appliance from being turned off accidentally.
- Do not pinch, knot, or bend the power cord in any manner.

⚠ WARNING!

When positioning the appliance, ensure the supply cord is not trapped or damaged.
Do not locate multiple portable socket-outlets or portable power supplies at the rear of the appliance.

⚠ WARNING!

Do not, under any circumstances, cut, remove, or bypass the grounding prong (A). Always use the power cord with a three-prong grounded plug and grounding type wall receptacle.

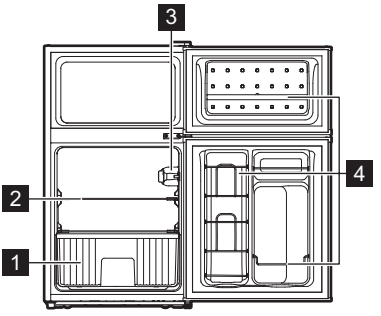

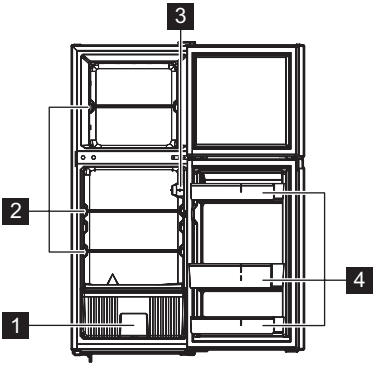

2. FEATURES

➔ IMPORTANT

*Features may vary by model.
Accessories are available for your appliance and may be purchased at Frigidaire.com or by calling toll-free 1-800-374-4432.

2.1 Product overview

1 Drawer
2 Shelf
3 Temperature Control
4 Door compartments

3. INSTALLATION

This User Manual provides general installation and operating instructions for your model. We recommend using a service or kitchen contracting professional to install your appliance. Use the appliance only as instructed in this User Manual. Before starting the appliance, follow these important first steps.

3.1 Location

- If possible, place the appliance out of direct sunlight and away from the range, dishwasher, or other heat sources.
- The appliance must be installed on a floor that is level and strong enough to support a fully loaded appliance.

⚠ WARNING!

This appliance is intended for use in residential household and similar interior applications such as:
- Kitchen / kitchenette
- Pantry room
- Basement
- Enclosed garage
- Other interior residential type environments

⚠ CAUTION!

Do not install the appliance where the temperature will drop below 50°F (10°C) or rise above 110 °F (43 °C). The compressor will not be able to maintain proper temperatures inside the appliance.

NOTE

Do not block the lower front of the appliance.
Sufficient air circulation is essential for the proper operation of the appliance.

⚠ WARNING!

Allow the following clearances for ease of installation, proper air circulation, plumbing, and electrical connections:
- Top 3" (75 mm)
- Sides 3" (75 mm)
- Back 4" (101.6 mm)

NOTE

If you place the appliance with the door hinge side against a wall, you may have to allow additional space so the door can be open wider.

3.2 Leveling

When positioning the appliance, ensure that it is level, with all bottom corners resting firmly on a solid floor. You can adjust this using the two leveling feet located at the front bottom of the appliance.

3.3 Door Removal

⚠ CAUTION!

Before you begin, turn the appliance temperature control to OFF and remove the electrical power cord from the wall outlet. Remove any food from door shelves.

NOTE

The direction in which the appliance doors open (door swing) can be reversed, from left to right or right to left, by moving the door hinges from one side to the other. Reversing the door swing should be performed by a qualified person.

⚠ CAUTION!

The door is heavy. We recommend two people to remove or replace the door assembly from the appliance.

NOTE

Keep the removed parts so they can be used on the opposite side.

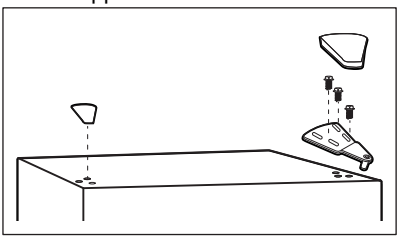

⚠ CAUTION!

If you place the appliance on its back or side, let it stand upright for 6 hours before you plug it in. This prevents damage to internal components.

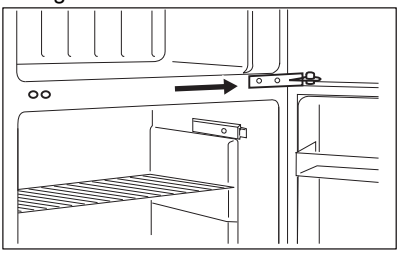

NOTE

The shape of the hinges may vary by model.

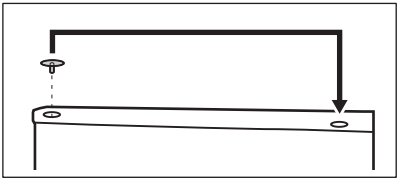

1. Remove the hinge cover and the upper hinge from the top left side of the appliance and remove the door.

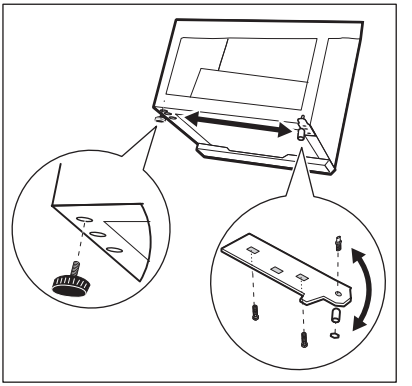

2. Remove the central hinge from the middle of the appliance and remove the refrigerator door. Move the screw hole cover from the left side to the right.

3. Move the hinge hole covers from the top left side to the top right side of the freezer and refrigerator doors.

4. Remove both feet. Remove the lower hinge and turn it over before reinstallation.

5. Install the lower hinge on the left side of the appliance.
6. Install the door.
7. Install both feet and the screw hole cover on the top right side of the appliance.
8. Ensure that the top of the door is level and the rubber gasket is making a good seal.
9. Tighten the screws.

4. CONTROLS AND SETTINGS

4.1 Cool Down Period

To ensure safe food storage, allow the appliance to operate with the doors closed for at least 4 hours. The appliance runs continuously during this time.

4.2 Temperature Adjustment

NOTE

Adjusting the temperature control to OFF/0 turns off the compressor and prevents the refrigerator from cooling, but does not disconnect the power to the light bulb and other electrical components. To turn off power to your refrigerator, you must unplug the power cord from the wall outlet.

Adjust the temperature gradually: adjust the knobs in small increments, allowing the temperature to stabilize.

- For colder temperatures, adjust the control toward MAX/COOLER/3.
- For warmer temperatures, adjust the control toward MIN/NORMAL/1.

5. STORAGE FEATURES

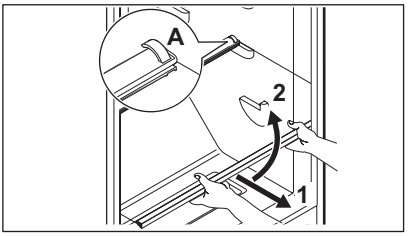

5.1 Shelf adjustment

Adjust the shelves to suit individual needs. Before adjusting the shelves, remove all food.

To adjust shelves, slide the shelf by moving it forward and lifting it upward.

To replace shelves, insert the rear of the shelf into any pair of shelf rails and carefully push the shelf back into position, making sure the shelf clips (A) go in the notch in the liner.

Glass Shelf

⚠ CAUTION!

When reinstalling the shelf, ensure the shelf clip is attached to the liner and holds it in place.

⚠ CAUTION!

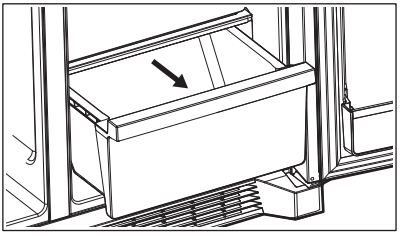

Do not clean glass shelves or covers with warm water when they are cold. Shelves and covers may break if exposed to sudden temperature changes or impact, such as bumping. Tempered glass is designed to shatter into many small, pebble-size pieces. This is normal. Glass shelves and covers are heavy. Use both hands when removing them to avoid dropping.

NOTE

To avoid personal injury or property damage, handle tempered glass shelves carefully. Shelves may break suddenly if nicked, scratched, or exposed to sudden temperature change.

5.2 Crispers

Crispers allow you the flexibility to store any manner of items including fruits, vegetables, nuts, etc. Crispers do not feature humidity controls.

6. CARE AND CLEANING

6.1 Care & Cleaning Tips

Part	What to use	Tips and precautions
Interior and door liners	• Soap and water • Baking soda and water	Use 2 tablespoons of baking soda in 1 quart of warm water. Be sure to wring excess water out of sponge or cloth before cleaning around controls, light bulb or any electrical part.
Door gaskets	Soap and water	Wipe gaskets with a clean soft cloth.
Drawers and bins	Soap and water	Use a soft cloth to clean drawer runners and tracks.
Glass shelves	• Soap and water • Glass cleaner • Mild liquid sprays	Allow glass to warm to room temperature before immersing in warm water.
Exterior and handles	• Soap and water • Non abrasive glass cleaner	Do not use commercial household cleaners containing ammonia, bleach or alcohol to clean handles. Use a soft cloth to clean smooth handles. Do not use a dry cloth to clean smooth doors.
Exterior and handles (Stainless steel models only)	• Soap and water • Stainless steel cleaners	Never use chloride or cleaners with bleach to clean stainless steel. Clean stainless steel front and handles with non-abrasive soapy water and a dishcloth. Rinse with clean water and a soft cloth. Use a non-abrasive stainless steel cleaner. These cleaners can be purchased at most home improvement or major department stores. Always follow manufacturer's instructions. Do not use household cleaners containing ammonia or bleach. Always clean, wipe and dry with the grain to prevent scratching. Wash the rest of the cabinet with warm water and mild liquid detergent. Rinse well, and wipe dry with a clean soft cloth.
Replacing LED bulbs	1. Unplug the appliance. 2. Wear gloves. 3. Remove light cover. 4. Replace old bulb. 5. Replace light cover. 6. Plug in the appliance.	**Caution:** Wear gloves when replacing LED light bulbs to avoid getting cut. Use same wattage when replacing bulb. Use only a 5-watt or less AC LED light bulb.

6.2 Defrosting the Appliance

(some models)

To defrost the appliance:

1. Remove all food and objects from the appliance.
2. Ensure the drip pan is in place under the freezer compartment.
3. Unplug the appliance and ensure the cord is in a safe, dry location.
4. The defrost process may take a few hours. To speed up the defrost time, keep the door open and place a bowl of warm water in the appliance. Never use sharp objects to remove the frost.
5. During the defrost cycle, water accumulates in the drip tray. If necessary, empty the drip tray during the defrost cycle.
6. After defrosting is complete, empty and wipe down the drip tray and the interiors.
7. Reset the appliance to the desired temperature and put all food and objects back.

7. TROUBLESHOOTING

Let us help you troubleshoot your concern! This section will help you with common issues. If you need us, visit our website, chat with an agent, or call us. We may be able to help you avoid a service visit. If you do need service, we can get that started for you!
Visit Frigidaire.com or call toll-free 1-800-374-4432.

7.1 Common occurrences

The appliance does not run.	• Ensure the plug is tightly pushed into an electrical outlet. • Check/replace the fuse with a 15amp time-delay fuse. Reset the circuit breaker. • The appliance may be in defrost cycle. Wait 20 minutes and check again.
The appliance temperature is unsatisfactory.	• Set the appliance control to a warmer or colder setting until the temperature is satisfactory. Allow 24 hours for the temperature to stabilize.
The appliance is noisy or vibrates.	• The cabinet is not level. • Floor is weak. • Refer to Normal Operating Sounds. • Adjust the anti-tip bracket. Refer to Setting the anti-tip brackets in Installation.
Odors in the appliance.	• The interior needs to be cleaned. • Cover or wrap the foods that produce odors.
Cabinet light is not working.	• Replace with only a 5Watt or less AC LED light bulb. • Ensure the plug is tightly pushed into an electrical outlet. • The light switch may be stuck. Push in the light switch, located on the refrigerator side wall, to release.
Mullion or side walls of the appliance are warm.	Mullion or side walls of the appliance may be warm to the touch for the first 24 hours of operation. This is normal.

8. LIMITED WARRANTY

Your appliance is covered by a one year limited warranty. For one year from your date of delivery, Electrolux will pay all costs for repairing or replacing any parts of this appliance that prove to be defective in materials or workmanship when such appliance is installed, used and maintained in accordance with the provided instructions.

Exclusions

This warranty does not cover the following:

1. Products with original serial numbers that have been removed, altered or cannot be readily determined.
2. Product that has been transferred from its original owner to another party or removed outside the USA or Canada.
3. Rust on the interior or exterior of the unit.
4. Products purchased “as-is” are not covered by this warranty.
5. Food loss due to any refrigerator or freezer failures.
6. Products used in a commercial setting.

7. Service calls which do not involve malfunction or defects in materials or workmanship, or for appliances not in ordinary household use or used other than in accordance with the provided instructions.
8. Service calls to correct the installation of your appliance or to instruct you how to use your appliance.
9. Expenses for making the appliance accessible for servicing, such as removal of trim, cupboards, shelves, etc., which are not a part of the appliance when it is shipped from the factory.
10. Service calls to repair or replace appliance light bulbs, air filters, water filters, other consumables, or knobs, handles, or other cosmetic parts.
11. Surcharges including, but not limited to, any after hour, weekend, or holiday service calls, tolls, ferry trip charges, or mileage expense for service calls to remote areas, including the state of Alaska.
12. Damages to the finish of appliance or home incurred during transportation or installation, including but not limited to floors, cabinets, walls, etc.
13. Damages caused by: services performed by unauthorized service companies; use of parts other than genuine Electrolux parts or parts obtained from persons other than authorized service companies; or external causes such as abuse, misuse, inadequate power supply, accidents, fires, or acts of God.

DISCLAIMER OF IMPLIED WARRANTIES; LIMITATION OF REMEDIES

CUSTOMER'S SOLE AND EXCLUSIVE REMEDY UNDER THIS LIMITED WARRANTY SHALL BE PRODUCT REPAIR OR REPLACEMENT AS PROVIDED HEREIN. CLAIMS BASED ON IMPLIED WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO ONE YEAR OR THE SHORTEST PERIOD ALLOWED BY LAW, BUT NOT LESS THAN ONE YEAR. ELECTROLUX SHALL NOT BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES SUCH AS PROPERTY DAMAGE AND INCIDENTAL EXPENSES RESULTING FROM ANY BREACH OF THIS WRITTEN LIMITED WARRANTY OR ANY IMPLIED WARRANTY. SOME STATES AND PROVINCES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, OR LIMITATIONS ON THE DURATION OF IMPLIED WARRANTIES, SO THESE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY TO YOU. THIS WRITTEN WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS. YOU MAY ALSO HAVE OTHER RIGHTS THAT VARY FROM STATE TO STATE.

If You Need Service

Keep your receipt, delivery slip, or some other appropriate payment record to establish the warranty period should service be required. If service is performed, it is in your best interest to obtain and keep all receipts. Service under this warranty must be obtained by contacting Electrolux at the addresses or phone numbers below.

This warranty only applies in the USA and Canada. In the USA, your appliance is warranted by Electrolux Major Appliances North America, a division of Electrolux Consumer Products, Inc. In Canada, your appliance is warranted by Electrolux Canada Corp. Electrolux authorizes no person to change or add to any obligations under this warranty. Obligations for service and parts under this warranty must be performed by Electrolux or an authorized service company. Product features or specifications as described or illustrated are subject to change without notice.
