Café™ ENERGY STAR® 28.3 Cu. Ft. Quad-Door Refrigerator with Internal-Dispense AutoFill Pitcher

CAE28DM5TS5

CAE28DM5TS5
Platinum Glass
with Integrated Pocket

FEATURES & BENEFITS

Enjoy chilled, delicious water anytime with a **Dual-Dispense Autofill pitcher** that automatically refills when placed on its docking station. Two curated pouring options give you quick access to filtered water.

Fully convertible zone adjusts refrigerator temperatures from fresh food to full freeze in this fully convertible zone, which is ideal for chilling sparkling wine, freezing your favorite ice cream or storing fresh fruits and vegetables.

Unmatched visibility meets undeniable style as the bright, uniform glow from the LED Light Wall enhances visibility of the fresh food section, so every item is easy to find.

The most ice storage in the industry* is designed to hold up 12.5 lbs. of filtered ice – the largest amount of ice storage available among leading competitors.

Convenient storage options curate your refrigerator to meet your exact needs with a freezer that features a variety of storage solutions, including five drawers, two tilt-out door bins, a slide-out shelf, a wine rack, and more.

A Humidity Control System provides a climate zone that will **keep your leafy greens twice as long**** compared to a standard vegetable drawer.

Built-in WiFi allows users to expand on convenient features and receive alerts when connected to the SmartHQ™ app.

Angular, modern lines and the **Platinum Glass finish** create an easy-to-clean, contemporary look for your kitchen.

Curated to fit your needs, **triple evaporators** maintain climate zones that keep all food items perfectly fresh in both the fresh and freezer sections.

The Shabbos Keeper connects to your refrigerator to automatically enable Shabbos-compatible modes each week and before every holiday (Shabbos Keeper sold separately – visit www.zmantechnologies.com for details.)

FEATURES

Configuration	Quad Door
WiFi Connect	Built-In
Connected Capabilities	IFTTT; DSM Capable; Amazon Alexa; Google Home
Temperature Management Features	Multiflow Air System
Temperature Management System	Triple Evaporators
