Café™ 30" Wall-Mount Glass Canopy Chimney Hood

CVW73014MWM / CVW73013MDS / CVW73012MSS

ALSO AVAILABLE IN

CVW73012MSS
Stainless

CVW73013MDS
Matte Black

FEATURES & BENEFITS

Keep your kitchen smelling fresh and ready for guests with a **350-CFM venting system with boost** that removes smoke, grease, odors and moisture.

Add a conversation starter to your kitchen with **electronic backlit controls** that look great and are easy to use.

Clearly watch the progress of preparing your favorite meals with **dual halogen cooktop lighting** that brightly illuminates the cooking surface.

See your way through midnight snacking with a **night light** that softly illuminates the cooktop and surrounding areas.

Fill the kitchen with fresh air with two **convertible venting options:** recirculating or external venting.

Share favorite stories without interruption, thanks to an **optional remote control** that can change lighting and fan speed settings from anywhere in the kitchen.

Keep conversations flowing without interruption thanks to an **auto-off** feature that deactivates the vent after 15 minutes.

Simplify cleanup with a **dishwasher-safe filter** that removes grease and can be cleaned alongside dishes too.

DIMENSIONS AND INSTALLATION INFORMATION

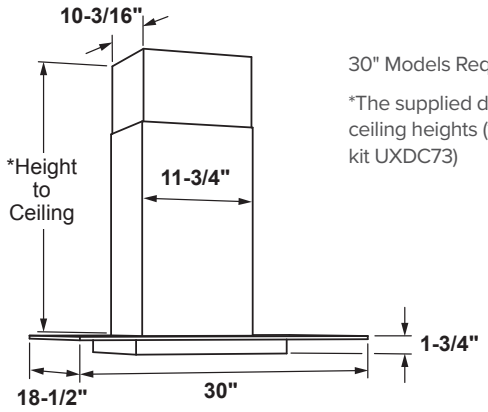

Installation Information:
Before installing, consult Use & Care/installation instructions packed with product for current dimensional data.

Optional Accessories
UXDC732MSS/3MDS/4MWM – 10(ft.) Ceiling Duct Cover Kit

For 30" distance from counter to hood:
7'-5" – 8'-9" ceiling height - no duct cover required
8'-10" and above ceiling height – UXDC732MSS/3MDS/4MWM
Refer to Installation Instructions for exact specifications

UXRC70 – Remote Control

JXCF71 – Charcoal Filter
(needed if used in recirculation mode)

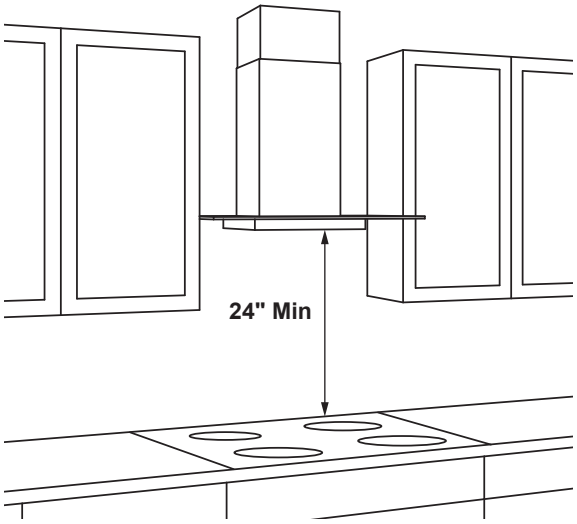

30" Models Require a 30"-Wide Opening

*The supplied duct cover fits 7'-5" to 9'-3" ceiling heights (10' with optional high ceiling kit UXDC73)

AMP RATING

120V	5.3

The vent hood must be installed 24" min. above the cooking surface. For optimal performance, installing the hood more than 36" above the cooking surface is not recommended. The hood installation height above the cooking surface depends upon ceiling height. The telescopic duct cover conceals the ductwork running from the top of the hood to the ceiling.

NOTE: Installation height should be measured from the cooking surface to the lowest part of the hood. This hood may be installed onto a wall and vented to the outdoors, or it can be installed for recirculating operation. Parts for recirculating operation are supplied with the hood. However, when installed for recirculating operation, the optional charcoal Filter JXCF71 will need to be purchased separately.
