*Indicates a bonus cycle you can download using the ThinQ® app on your smartphone.
**Indicates a bonus cycle you can download using the ThinQ UP™ app on your smartphone.

Most Efficient 2024
ENERGY STAR
www.energystar.gov

USES UP TO 65% LESS ENERGY WITH EVERY LOAD†

Compared to conventional vented dryers, this LG HeatPump™ dryer uses less energy to dry every load and is recognized as the Most Efficient of ENERGY STAR® 2024.

GO-ANYWHERE VENTLESS DESIGN

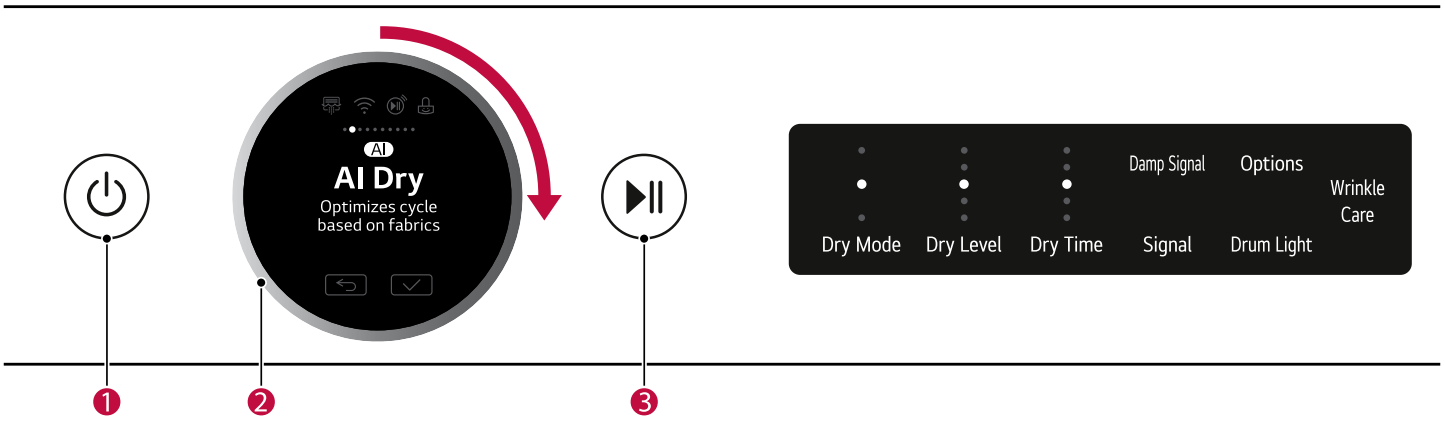

Ventless design can be installed almost anywhere, with a modern look that elevates any room. It's also easy to install and is virtually maintenance free.

†When compared with conventional vented dryer DLE3400, based on Intertek testing in normal cycle with Energy Saver option, 8.45 lb. DOE standard load with 57.5% initial moisture content (September 2023).

Intuitive dial control gives you more of what you need with each turn, from descriptions of each setting and helpful prompts to status updates and remaining cycle time.

GET LAUNDRY DAY DIALED IN—IT'S EASY

Load, set and go—laundry day is just that easy with LG's LCD dial and touch panel.

1 POWER IT ON

Touch Power to turn on your LG HeatPump™ dryer—you'll be greeted with a tune and friendly "Hello."

2 TURN THE DIAL

Rotate the dial to choose from 10 pre-loaded cycles or touch Options to edit, remove or add cycles.

3 PRESS START

Touch and hold Start to begin the selected cycle. After sensing the load, the dial will show remaining cycle time.

COMPLETELY CUSTOMIZE YOUR CYCLE

Modify any cycle by using the touch panel to change settings like temperature, dry level and dry time to your liking. You can delay the start of a load and add options like Wrinkle Care.

MODIFY ANY CYCLE

Press pads such as Dry Mode, Dry Level or Dry Time to make adjustments to the selected cycle before you hit Start.

ADD OTHER OPTIONS

Options for each cycle will light up on the touch panel—press the one you want and then make selections on the dial.

GO BACK OR SELECT

Press the check mark on the dial to confirm your choice or hit the back button to see the previous screen.
