Dimensions

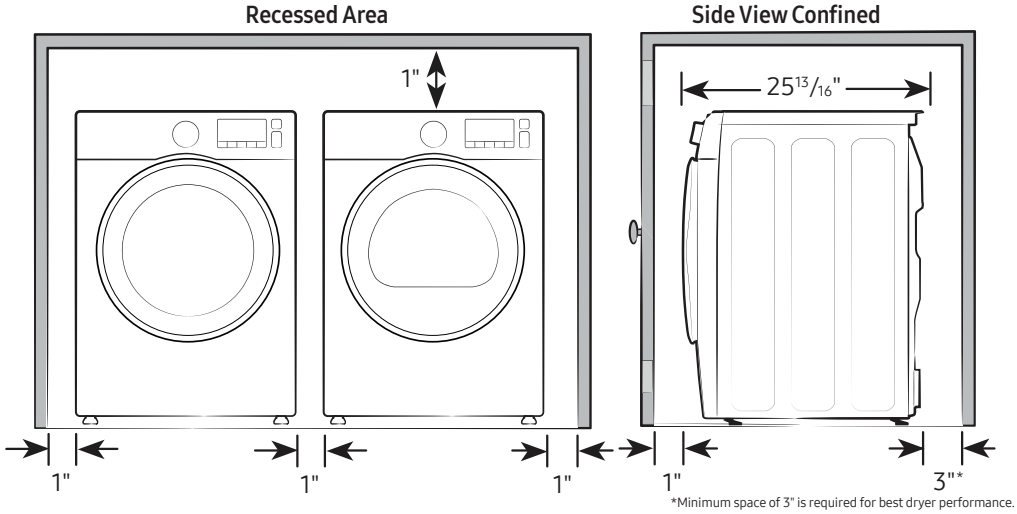

Installation Specifications – Side-by-Side or Stand-Alone

If the washer and dryer are installed together or the dryer alone, the closet front must have two unobstructed air openings for a combined minimum total area of 72-inch^2. Your washer alone does not require a specific air opening.

Alcove or closet installation

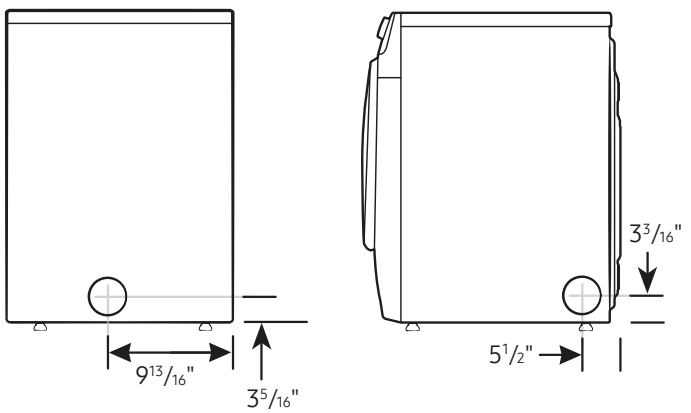

Minimum clearances for closet and alcove installations:

*Minimum space of 3" is required for best dryer performance. In case of insufficient space for duct installation, properly sized vent kit is needed.
