ADA COMPLIANT

FEATURES & BENEFITS

Expansive six-burner cooktop helps you entertain with ease – Entertaining for large groups is easy with the industry's first six-burner, edge-to-edge cooktop that can accommodate cookware of all sizes and a cast-iron integrated griddle that provides enough room to perfectly flip crab cakes, arepas and other crowd favorites.

Share favorite creations with your favorite people – Create an unforgettable dinner, using a 21K tri-ring burner to do everything from searing scallops to simmering a lemon caper white wine sauce and a 15K Power Boil™ burner to boil water quickly for al dente angel hair pasta.

The perfect bake is now perfectly easy – Achieve unrivaled performance with a system that delivers true convection for consistent results on special occasion favorites like roasts, chicken, turkey and more.

An attractive appearance at all times – Every detail of your kitchen is designed to delight, thanks to a sleek backlit glass touch-control panel that visually disappears when not in use and wakes up when prompted.

Create a look that matches your personal style – Select any combination of premium finishes and hardware options to create a stunning look customized to any owner's taste.

Never-scrub racks – Easily remove everything from heavy roasts to delicate desserts with never-scrub racks that stay in the oven during the self-clean cycle.

Allow your appliances to interact with one another – Create a chef-like experience with Chef Connect, which can synchronize your appliance clocks and surface lights, vents when a range burner is in use, and even your microwave and range clocks.

Prepare foods to perfect doneness – Get roasts and meats just right with a temperature probe that lets you monitor progress without opening the oven door.

WIFI-ENABLED FEATURES

Built-in WiFi, powered by SmartHQ™ app – Manage all aspects of your kitchen with the help of the SmartHQ™ App or your voice assistant.

Personalized features + upgrades – Usher in the latest features by downloading cooking upgrades right to your oven, putting Air Fry and more in your repertoire.

No-preheat air fry – Cook healthier, crispier versions of your favorite foods in less time, thanks to an air fryer right in your oven that doesn't require preheating, a basket or a special tray.
